From our table to yours to deliver social impact!

Our annual signature event will have a new and creative twist this year – it will be an experience you will share with others from the comfort of your own home. We will deliver to you an exquisite meal created and prepared by the best chefs in Ontario. The evening will be a virtual celebration with celebrity chefs, music and entertainment from across Canada coming together with you in solidarity and generosity. Support us in our mission to feed people in need and to develop the culinary education of youth across the country.
